

19 October, 2017
2017 LSPR Competitor Bulletin 4

An update to the route book:

- The logs referenced at mileage 3.78 on stage 11/13, Silver Arvon, have been removed (instructions 307 and 390).

Course conditions notes:

- The Forest Service has been grading portions of stage 3/6, Teepee Tower, and stage 4/7 Estes Lake. Where they have been grading there is a thin layer of loose dirt/stone on top of the firmer base. The grading may continue throughout Thursday afternoon resulting in road surface conditions on these stages being different during the race on Friday than during recce.

Doug Shepherd
LSPR Clerk of the Course
